Recent Council Actions

At their regular Council meeting on Monday, April 2, City Council took the following actions:

- John Twohig of the Edmond-Ollhoff VFW Post 2609 and his wife, Ruthanne, from the the Women's Auxillary presented Mayor Martin and the City Council with a Certificate of Appreciation for their support for more than 20 years. After calling Shoreview a home for 23 years, the Post is consolidating with the Post in New Brighton to form the Brooker-Ollhoff Post.
- Approved revisions to the City's voting precincts. The Council previously approved revised voting precincts at their March 19th meeting, but the Secretary of State's office informed the City that its boundary line between the Mounds View and Roseville School Districts was not consistent with state law because "an election precinct boundary must follow a census block line, which means that the borders must follow clearly recognizable physical features." The Secretary of State and the City agreed to combine precincts 1 and 2 into one precinct but retain two separate polling places split by the school district boundary. As a result, former precincts 1 and 2 will be renumbered to 1N and 1S. As a result, the City must renumber its other precincts. For more details, visit the City's website at www.shoreviewmn.gov.
- Approved plans and specifications for the Floral Drive, County F, and Demar Avenue Street Reconstruction Project and ordered the taking of bids on Wednesday, May 9th. Bids will likely be awarded at the City Council's May 21st meeting and reconstruction of these streets is expected to begin in June.
- Ratified the dissolution of the Grass Lake Water Management Organization and petitioned the State Board of Water and Soil Resources for a change of watershed
